

Why choose to protect yourself and your family with AFLAC?

- *We pay you directly!* We don't pay the doctors or hospitals. **You get cash to use however you want** whenever you or a family member is sick or injured.
- We help with the extra expenses that healthcare doesn't cover like co-pays, deductibles, coinsurance... rent, car payment, phone bill, maternity... **it's cash!!!**

Life

If something happens to you, will your family have the funds to pay the bills without your income?

Disability – (out of work)

You do not have NYS disability when you have an off the job accident or sickness. Aflac disability can bring you up to about 70% of your income so you can still pay your bills and put food on the table.

Accident

Provides cash benefits when you are treated for an accident/injury (from poison ivy to broken bones).

Cancer – Stroke, Heart Attack, Cardiac Arrest, Kidney Failure

Provides cash benefits upon initial diagnosis, with many benefits payable throughout cancer treatment, or one of the specified events. These are some of the more costly events that can happen to someone.

Aflac Hospital Choice

Provides cash benefits for hospital confinement, short stay or ER visits due to accident or sickness.

Dental and Vision

Individual dental and vision programs to stand alone or supplement existing programs.

Copay, Accidents, Illnesses, Disabilities, Maternity (etc)... we can help!
