

DENTAL and VISION CLAIMS

Your Humana plan offers an annual vision benefit as follows:

- \$0 co-pay for refraction, routine exam up to 1 per year.
- \$100 combined maximum benefit coverage amount per year for contact lenses, eyeglasses-lenses and frames, and fitting for eyeglasses-lenses and frames.

Your Humana plan offers an annual dental benefit as follows:

- \$250 combined maximum benefit coverage amount per year for preventive benefits including bitewing x-rays, fluoride treatment, intraoral x-rays, panoramic film or diagnostic x-rays up to 1 per year and periodic oral exam and/or comprehensive oral evaluation, prophylaxis (cleaning) up to 2 per year.

Humana does have participating dental and vision care providers. They will submit your claim for you and then bill you for any balances. You can find them on the Humana website or by calling Humana.

Non-participating dental and vision care providers may also submit a claim for you if they choose to do so. You can print out and take a copy of the claim form located on this website with you. This is the correct form even though it says Health Claim Form.

If a non-participating dental or vision care provider will not submit a claim to Humana you will likely have to pay them at the time of service. You should obtain a detailed copy of the services and amount billed and submit the claim form yourself.

Fill out the top portion and sign the form on the bottom and mail it with a copy of the provider bill to Humana. Mail the form to the address on the back of your Humana ID card.
